Nine Crews Announced for Head of the River Fours

Nine crews representing Cambridge University Women's Boat Club (CUWBC) and Cambridge University Lightweight Rowing Club (CULRC) will race at the Fours Head of the River in London this weekend with rowers from 21 of the 31 Cambridge Colleges.

The course is from Mortlake to Putney, the reverse of the Boat Race and will see 483 boats racing including Universities, Clubs, Schools and International crews. The first crew will start at 12:00.

The openweight coxless women's four which won Gold at the recent British Rowing Senior Championships remains unchanged for the Fours Head and will look to match the strong results produced by CUWBC in previous years. CUWBC produced the fastest women's coxed four in 2017 and fastest women's coxless four in 2016.

The Cambridge lightweights will begin their 2018/19 racing season at this event with a coxed and coxless four entered from both the men's and women's squads. The men's crews will race as "Granta", the racing name for CULRC crews.
